Guests: Marilyn Walton, Western Region Vice President

Update on 2017 California State convention. Branch 905 and Branch 466 officers met to discuss details on cruise and need for all members to begin reserving cabins ASAP. The date of July 18, 2016 is the date our rates are guaranteed to be available. The longer we wait to book, the greater the possibility that the space will either have a price increase or be lost/sold to other groups. We discussed that this requirement is no different than the one night we have to pay up front for the National convention at the Gaylord this summer.

The NAPS Branch 905 officers will contact all officers they represent to ensure the information is going out not only to the branch officers but to the membership as well.

In addition to State VP Debbie Baker assisting Branch 466, Marilyn Walton and Bridget Evans volunteered to assist to ensure we have a successful cruise convention.

Bridget will draft a letter that will be a convention call for booking accommodations, along with information to be shared with all members.

WE still need to decide if we need a registration fee at all – possibly a \$25.00 fee however we will still have to answer to membership on what that fee covers.

We will also find out from *Cruise with Judy* if she accepts checks for payments.

We will also send the 2017 cruise information to Hawaii Branch 214.

Next meeting on California State 2017 Cruise will be a telecom on June 16, 2016 at 8:00 pm.

Bridget Evans
NAPS California State Secretary
